ZIMBABWE

By the time you read this I will be in Zimbabwe doing two Pastor's Training Conferences in the most remote part of that country. We were in the same places last year, where we had 283 register for the first conference and only 8 of them had any Bible college training. The second conference had 165 register with only 7 having had Bible college training. We are

returning to these same areas to do "follow-up" conferences. **The need is great, so please pray for us.**

My dear friend, Len Morgan, from Commission Ministries, will be with me. Len is taking several people from his church who will work in Jabulani Mudende's orphanage while we do the training conferences.

KENYA ~ PASTOR TESTIMONIES (Jan. trip)

"...the lesson on preaching was a huge blessing. I do not have a formal Bible college education, and so I have never taken a class on preaching. I have applied the principles whenever I have prepared new sermons, and they have made a huge difference." **(Pastor Isaac Juma)**

"I am so glad I attended the conference in CHANGAMWE. I feel like it was for me. Thank you Brother Larry for investing in us. My ministry will never be the same, because you came. I will never be the same, because of the conference." **(Pastor Joseph Ndegwa)**

KENYA ~ PASTOR TESTIMONIES, CONT'D.

"Larry's message on Ephesians 4 was very liberating to me. For years, I did everything myself in church. At times, I felt very tired, especially on Sundays. I had not time to do things that were important part of my calling as a pastor, things like preparing sermons and praying. It is important that my members participate in the ministry in stead of spectating the ministry. But in order for them to participate in the ministry, I must train them. And when I train them, I must give them the opportunity to do ministry. This has been the missing link for me in the ministry. Thank you Larry for this liberating teaching. I wish every church pastor in Kenya could hear this sermon, because I know many of my colleagues in the ministry who are trying to run the ministry by themselves. We need Larry McFadden back for another conference. Please pray about and consider it." **(Pastor Joshua Mwaniki)**

AN ENCOURAGING WORD

O you of little faith, God has not failed you yet!
When all looks dark and gloomy, You do soon forget -

Forget that He has led you, And gently cleared your way;
On clouds has poured His sunshine, And turned the night to day.

And if He's helped you here before, He will not fail you now;
How it must wound His loving heart To see your anxious brow!

Oh! doubt not any longer, To Him commit your way,
Whom in the past you trusted, And is "just the same today."

GRATEFUL

We are extremely thankful at how God has provided what we need to do these conferences for pastors who don't have much to work with—no library, very few study Bibles, and most with no internet access.

We have gone over budget in 2 of the 3 conferences we have done thus far in 2019—primarily due to higher costs for everything—plane tickets, food, venue rental, etc. It is a blessing to bring the Word of God, and be able to shed light into the lives of these pastors.

This is the most gratifying ministry I have ever been a part of in my life.

Thank you for your prayers & financial support! We can't do this without you!

Blessings,

Larry McFadden
